Notes	The northern part of The Ramble, between Dickson and Center Streets along West Avenue.	—

Hand check: Upper Ramble's point is about 70 m from Walton Arts Center's. They're different places: the city describes the Upper Ramble as the park between Dickson and Center Streets along West Avenue, and Walton Arts Center is the building at 495 W Dickson St. (source, 2026-10-04)

Decisions for you

1. The Ramble is typed *area*, not *park*. You asked for park. The seed rules let only areas leave out a street address, and the city gives The Ramble none. Options: (a) keep *area*; (b) make it a park with the Upper Ramble address, 251 N West Ave; (c) allow parks without an address (a rule change). I recommend (a), because the homepage venue-type filter can still count an area's park children as parks.

2. Lower Ramble is not added yet. The city's facility page gives "255 West Avenue" with no N or S. The city overview says it lies between Center and Prairie Streets, just west of the library. That matches **S** West Ave, about 36.0601, and your note that it's south of FPL. The geocoder resolves the bare address to **N** West Ave, next to the Upper Ramble. Please open the Lower Ramble facility page in your browser and tell me where the map pin sits. I'll add it with that address as owner-verified, then send a one-line update to this report.

3. Effect once seeded: the 3 Fayetteville *needs_venue* events (Weekend Starts ×2, Movies in the Park) resolve to Upper Ramble (their location names it, at 251 N West Ave).
